## Be safe and be seen this Halloween

By Brenda Bunting  
Editor

Ghosts and goblins may fly through the night without being seen, but that won't be a very good idea for little trick-or-treaters in the Glades.

Monday, Oct. 31, is Halloween, which means scores of small children darting across streets and running down to door in Belle Glade, Pahokee, South Bay and Canal Point.

South Bay Police Chief Charles Napier, Belle Glade Police Chief Michael Miller, and Pahokee Police Chief Carmen "Skeets" Salvatore all say they would prefer if children attended organized events and skipped the trick-or-treating, but in reality they know many children will be out Monday night.

They are asking children to go out between 5 and 7 p.m.

Chief Miller also had these safety tips:

To be more visible at night to motorists, children should wear light-colored costumes. Adding patches or strips of reflective material to costumes and trick or treat bags will make small children easier to see, especially from a distance.

A responsible adult, or teen, should accompany each group and group size should be limited to four or five.

Trick-or-treating should be for small children only...if the child is too old to be accompanied, he or she is too old to go trick-or-treating. Youngsters also need to be able to see through their costumes. Masks should have eye holes large enough that a child's peripheral, or side, vision is not reduced. It is also a good idea to remove the mask when

crossing a street.

A visually safer alternative to a mask is painting a child's face with non-allergenic makeup. Wigs and hats can slip over the eyes and block a child's vision. Be sure they are well off the face and securely fastened.

Carrying a flashlight and staying on well-lit streets is wise, but it is not enough. A parent or older brother or sister should accompany small children who may need help crossing streets or maneuvering through yards.

Children are reminded to never eat anything until after they are home and the treats have been examined by a parent. Fruits should be washed and cut before eating and any unwrapped treats should be thrown away.

Notify the police if harmful items are found. Walk! Do not run while trick-or-treating and stay in your own neighborhood and only go to houses which have porch lights turned on.

Parents should know exactly what route their children are taking and children should never enter a stranger's house even if invited.

Homeowners are reminded to give wrapped, homemade treats only to the children they know and wrapped commercial treats to others. The police departments also advise homeowners not to leave their home unattended on Halloween night and to leave their porch light on so children will know it is okay to visit their home. Also, keep pets inside the house, garage or shed on Halloween night.

Have a safe and happy Halloween!

# A changed man due to a lightning strike

By Mike Lyons

It wasn't a particularly strong storm. As thunderstorms go this one was no big deal. After all, Falmouth, Maine is not exactly the thunderstorm capital of the world. Strong storms are rare in Maine, especially the violent variety. This one, on an early June afternoon in 1980, seemed especially weak.

Yet, Edwin Robinson was concerned about the rainstorm. Concerned enough that he walked out into the yard in the

steady rain searching for his pet chicken. Finding the chicken, Robinson never left for Mr. Robinson even on a sunny day. A thunderstorm in 1971 had robbed the 64-year-old of his sight and most of his hearing.

So, he would let the chicken find him. Mr. Robinson would make a clucking sound, the chicken would eventually cluck back and the two would be reunited.

On this day, however, Mr. Robinson never heard that clucking sound. As he walked under a poplar tree he was knocked face-down on the ground by a bolt of lightning. He later told his friends that it felt "like somebody cracked a whip over my head."

For 20 minutes, Mr. Robinson lay unconscious under the tree. When he woke up he felt confused and very tired. He wanted to take a nap. When Edwin Robinson got up from his nap

he was a changed man. For the first time in nine years, he could see again, he could hear again and he was growing hair again on his bald head.

"It is an extraordinary tale. Here was a man who not only was struck by lightning and survived but actually benefited from it. Unfortunately, Mr. Robinson's story is one in a billion.

In most cases victims of lightning are just lucky to be alive. And in Florida during 1994 we've had too many lucky people. Through the first 10 months of the year more people have been struck by lightning in Florida than in any other year since we've been keeping records.

The National Weather Service reports 128 people have been struck by lightning this year breaking the old record of 108 in 1991. The average number of persons struck by lightning each year in the state is 40. The good news, if there is any, is that only eight people have been killed by lightning.

Usually lightning is a singular killer, striking one person at a time. Yet, this year that's been different too. On June 16,

35 Florida National Guard troops were shocked by a single lightning flash at Camp Landring. Last month, 11 players and one coach of the Pahokee High School football team were hospitalized after being injured by a nearby flash.

Why have so many people been hit by lightning? It's probably because we've had so much more rain. July, August and September rainfall totals are well above normal. In addition, many of our thunderstorms have been stronger than normal and, as a result, more electrically active.

Mid-October marks the traditional end of the rainy season in Florida so we should see less rain and less lightning. However, people in Florida have been struck by lightning in every month except January and November.

The next time the clouds turn dark, the thunder begins to rumble and the lightning shows up, perhaps we should follow the example of Edwin Robinson's pet. Maybe we should all play chicken.

Mike Lyons is the weatherman for WBFF, Channel 25.

Chicago City Limits will be at the Dolly Hand Cultural Arts Center on Saturday, Oct. 29, at 8 p.m.

## Chicago City Limits at the Dolly Hand

By Maria Wise Miller

A little bit of Chicago, by the way of New York comes to Belle Glade. No, it is not a

geography lesson, it is CHICAGO CITY LIMITS.

CHICAGO CITY LIMITS is a comedy group known for improvising their routines with suggestions from the audience and they are very good at it.

With nothing more than a piano, a few chairs, specialized props and their talent, the group is able to create some of the funniest situations you can ever imagine.

Top class entertainment - you bet. CHICAGO CITY LIMITS is seen regularly in its own comedy news series, REEL NEWS on the USA Cable Net-

work. The group has also been featured on PM Magazine, Entertainment Tonight and PBS's Reading Rainbow.

The company has received many theatre awards and has been named "Best Comedy Group" by the Association of Comedy Artists, the Manhattan Association of Cabarets and the National Association of College Campus Activities. Founded in 1977 in Chicago with actors from Second City of SATURDAY NIGHT LIVE fame, CHICAGO CITY LIMITS is now based in New York City where it has performed over

2,500 shows making it New York's longest running comedy review.

So where can you catch this show? At the Dolly Hand Cultural Arts Center, Saturday, Oct. 29, at 8 p.m.

Comedy is very "in" especially with the younger crowd. But many clubs where comedy is showcased are closed to minors because they serve alcohol. Here is your chance to see a great club show. So bring your date and remember student tickets are only \$5 at the Dolly Hand Cultural Arts Center.

## Roaring twenties dinner theatre

Too young to remember the "Roaring Twenties"? Intrigued by the bootlegging, mobsters, flappers, music and speakeasies? Don't miss

Actors' Community Theatre's production of "Give My Regards to Broadway" to open Nov. 18 and 19 at the John B. Boy Auditorium.

The setting of the play is a rehearsal hall somewhere on Broadway in New York during the 1920's. Twenty-four

"hoofers" (dancers) and actors are seeking a financial backer for their new show. A small time "bookie", Legs, hides out in the theatre. Soon the hall is overrun with mobsters seeking the illusive Legs.

The play is a hilarious musical comedy. The wonderful George Cohen lyrics to "It's a Grand Old Flag", "Yankee Doodle Dandy" and "Give My Regards to Broadway" are accompanied by uproarious lines delivered by zany characters.

In keeping with the "Roaring Twenties" theme, "speakeasy" atmosphere, good food, candlelight, music and antique cars will highlight the dinner beginning at 6:30 p.m. both nights. Reservations for the dinner-theatre may be secured by calling Jenny Miller at 983-7174, or Johanna Huss at 983-6975.

Anyone not wishing to attend the dinner may purchase a ticket for the play at the box office prior to 8 p.m. either evening. Dinner-theatre tickets are \$20 per person or \$35 per couple. Box office tickets for the play ONLY are \$7. For further information contact director Kaye Lasagna.

## More on bad language

I'm calling in reference to, or in response to, last week's paper and the **Speak Out** about the foul language.

This is typical of what you find around Belle Glade. Management does everything they can and all the businesses do to curtail this and correct it.

In the process, management is cursed and abused to the point that most of the time the police have to be asked to respond.

This is one of the real problems in the Glades. It is why other businesses do not want to come here. It is why people want to leave this place and no one will address the real issue in the Glades.

Until someone does, the Glades will never prosper. Most people in this area have an investment and they want to be fair to all the customers, as long as they are polite. Then merchants, employees and the customers could all get along.

Thank you.

## Letters to the editor

### She's pro-casino gambling

Dear Editor:

We Floridians had better not miss the boat this time listening to all the so-called "do-gooders," half of whom don't even have to pay property taxes. Churches talk against casinos, whom we can't tax, and then they have bingo, and never pay property tax.

Limited casinos will mean jobs for a lot of people, and I don't understand how we could deny them that opportunity. We can tax everything from education and prisons to social services and buying up remaining green spaces so our state is not totally developed due to lack of state funds. We need money to clean our waters. We desperately need money for our mentally ill. Where is it going to come from?

If we don't get any help, our legislature is just going to keep on raising our taxes for all these future needs. Many of our citizens are living on fixed incomes. They can't afford their tax bill now. By legalizing casinos, and TAXING THEM, we will be able to do things like buy up an island where endangered animals live, or pay for job training and counseling for minority youth, without putting the burden on our already overburdened taxpayer.

Property taxes have gone down in Mississippi (where they have casinos) for the first time in

30 years! Casinos aren't any more evil than any other form of entertainment. Even food can be evil, depending on the person using it. When the Indians win the lawsuit to have casinos, not a dime in tax will go to our state.

If we legalize limited casinos, we will be able to tax them, and pay for the state's future needs, without taxing ourselves.

Let's use our brains this time, and legalize limited casinos.

### He's anti-casino

Dear Editor:

I have observed casinos in operation while living over one year in Atlantic County, New Jersey. How will limited casino tourism effect Florida's current tourism?

The average casino patron is looking for action. Anxious to arrive, anxious to play, slow to leave, running late and in a hurry to get back home; little time, or desire, for anything in between the home and the casino. Little, or no, spin-off business.

The average casino promotes a "free spirit," which means, in part, breaking down the

### Hospice has a commitment to the Glades

By Cathy Felber, RN, CRNH  
Patient Care Coordinator  
Hospice of Palm Beach  
County, Inc.

Golden Glades Hospice Team  
"Life should be lived to the fullest, right up until the moment it ends," is a frequently heard phrase at Hospice of Palm Beach County, Inc. Hospice advocates across the country embrace this sentiment as they celebrate "Twenty Years of Caring - Hospice in America 1974-1994" during National Hospice Month in November. Organized and incorporated in 1978, Hospice of Palm Beach County, Inc. serves the entire Palm Beach County community as a not-for-profit agency. Hospice provides an alterna-

tive for many individuals, who might otherwise end their life in pain and away from the place and people they care about.

I joined Hospice of Palm Beach County, Inc. in 1979 as the first home care nurse and continued in this capacity until 1987, when I became the Patient Care Coordinator for the South Team, located in Boynton Beach. In March of this year, I successfully completed the first national certification examination for Hospice nurses. There are less than 500 RNs in the United States to hold the credentials of Certified Registered Nurse Hospice (CRNH).

#### Golden Glades Hospice Team

In 1988, the Golden Glades Hospice Team was formed to meet the needs of the residents of Belle Glade, Pahokee, South Bay, Canal Point, and portions of Clewiston. Hospice has made a commitment to the Glades communities by opening new offices and a Thrift Shop at 25 S.E. Avenue E in Belle Glade. While I was on the South Team, I had the opportunity to spend some time assisting the Golden

Glades Team, fell in love with the residents of the Glades communities, and six months ago, joyfully accepted the position of Hospice Golden Glades Team patient Care Coordinator. Our team provides skilled medical care for Hospice patients and emotional support for the entire family. Hospice is designed to provide individualized care in the home with visits from nurses, nurses aides, social workers, pastoral care staff and volunteers.

It is important for people to understand that we care for patients with all types of life-threatening diseases and for patients of all ages. Although the Gerstenberg Hospice Center in West Palm Beach is available when needed for acute inpatient care, our emphasis is on home care.

We provide everything needed to make the patient comfortable and to assist the family in caring for the patient in their home. Referrals to the Hospice program come from everywhere - the physician, hospital staff, patient, family, clergy or friends.

Volunteers are a key component of the Hospice program.

## Ask Dr. Boltson

Dr. David Boltson is the associate director of the Western Palm Beach County Mental Health Clinic in Belle Glade, and is a licensed psychologist in private practice in Lake Worth.

terize what is right and what is wrong with America today.

It seems to me that America is not so much a society of

"haves" and "have nots", as much as it is comprised of "will haves" and "will nots". "Successful" people live a common sense and spiritual lifestyle that includes such old-fashioned values as living through commitment, hard work, a belief in what they are doing, demonstrating kindness to others, and maintaining motivation in the absence of immediate rewards.

This attitude I am attributing to the "will haves". I believe that this kind of living not only characterizes people who already are more successful, but also describes the attitudes of people who will someday be more successful than they may be at present. Notwithstanding genetic, or sociopolitical disadvantages that some people start off with; self-motivated, disciplined, and

principled folks, will always gain more from living than idle complainers.

"Will not" folks have the ability to demand more from themselves, but either can't see this or won't try to do what they should. When confronted with success principles or life challenges, they are more ready to say "yes but..." than they are to say "can do!"

Most people are well aware of many things that they could do to increase their knowledge or skills; improve their eating, work, or exercise habits; alter the ways they communicate with loved ones and co-workers, etc. ad infinitum. People often complain that making a change is either too hard, or they tried before and it didn't work. "Will not" folks feel either that they are unlucky, or will not make a move towards self-improvement because they will note that life is unfair.

"Will have" folks on the contrary, feel that life is very fair.

See Dr. Boltson, page 5

### How to be more successful

I attended a very interesting seminar on "success" recently. There were many noted speakers and self-made millionaires present who discussed how they became successful. They presented philosophies on not merely how to gain financial achievement, but on how to maintain good family relations, and a healthy and enriching lifestyle as well.

Although the speakers themselves were quite engaging, I was more fascinated by the varied responses I received from colleagues who either attended the event, or whom I discussed the philosophies with. The responses were divided along two broad lines which I believe aptly charac-

We received many calls helping us identify the people in last week's picture at the bottom of this opinion page. The folks in the 1971 photo were, left to right, Jeanelle Meredith, Ben Clark, former Glades General Hospital administrator, Annie Stambaugh and Lynda Scroggins.

Hospice of Palm Beach County is committed to providing care to all patients who are appropriate for Hospice services. Hospice is approved for benefits from Medicare, Medicaid and private insurance.

When a patient has none of these options, services are provided by donations of individuals or organizations, and funds raised in the Hospice Thrift Shop and through activities of the Golden Glades Volunteer Guild.

Volunteers are very important to the Hospice program and we need more volunteers to assist in the Glades area. Volunteers perform clerical duties in the office, work in the Thrift Shop, and assist with fundraising activities.

We provide training, at our team office, for volunteers interested in visiting with patients in the home - being a friend to a Hospice patient and family is a truly rewarding experience.

**Speaking of Hospice**  
Hospice of Palm Beach County offers presentations on a variety of health care issues which appeal to both civic, church and social groups as well as health care professionals, teachers and counselors.

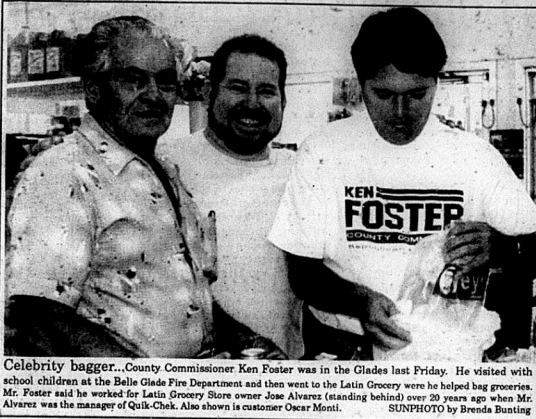

Speakers are available, at no charge, for day, evening or weekend meetings. Topics include "What Hospice Can Do For You," "Caring For An Aging Parent," "When Good People Get Bad News," "AIDS," and "Experiences of a Hospice Volunteer." For more information, or to schedule a speaker, call the community relations coordinator, 1-800-287-4722.

**Home health services - HC HealthCare At Home**  
HC HealthCare At Home, a division of Hospice of Palm Beach County, Inc., provides physician-approved health care services at home by a team of

highly-skilled professionals. HC HealthCare At Home is accredited by Joint Commission on Accreditation of Healthcare Organizations (JCAHO), and accepts Medicare, Medicaid, Health Care District and private insurance.

**Where to turn**  
The Golden Glades Hospice Team and HC HealthCare At Home are growing and providing services to more and more residents in the Glades. We depend upon the community to help us increase the awareness of our programs and to continue providing skilled and compassionate care.

For more information about Hospice and HC HealthCare At Home, please come visit our office at 25 S.E. Avenue E, Belle Glade, or call 996-1285. Hospice of Palm Beach County is an organization that cares for their patients and families as though they were their own.

## Sample ballots to be mailed to all registered voters

All registered voters in Palm Beach County will be receiving a sample ballot for the Nov. 8 General Election mailed by the Supervisor of Elections Office. In order to save money, the ballots will be mailed one per household of registered voters.

The ballot received by each voter will show only the candidates and issues to be voted on in his/her precinct. The ballot this year has five constitutional amendments as well as races for U.S. Senate, U.S. Congress, Governor, the Florida Cabinet, and numerous state and local offices.

To speed up voting at the polling locations, voters are urged to fill out the sample ballots and take them to the polls with them. The sample ballots will be mailed this week.

(though not unilaterally so). They don't deny that prejudice, discrimination, cronyism, and soul-less bureaucracies negatively affect the world. The "fairness" to the world however, coming from the fact that they believe that hard work, dedication, introspection and active change based on that introspection, will eventually lead to greater personal happiness and success. "Will not" people are likely to sit in their apartments in the middle of a city, waiting for a cruise ship to come by and whisk them away to Fantasy Island.

"Will have" folks are willing to drive, bicycle, jog or walk down to the docks where the ships of life actually are. They will sign on a ship as laborers, and work there for months or years to see if that ship takes them where they want to go. If, after hard work and diligence, they find that they don't like the direction their life is going,

then they hop off that ship and try another. Each new life adventure, they approach with a fresh start. They remain 100 percent motivated, dedicated, and willing to work on their current path. They don't know if their current path will lead them exactly where they want to go, but they know that if they don't demonstrate absolute integrity and effort, then it is assured that this path will not yield positive fruits.

A "will have" person knows that he or she is not the ruler of the universe. You can't demand, pick, or control what time it will be when your spiritual, interpersonal, and vocational labors are rewarded. In the face of all the uncertainty in life, it is most important to acknowledge the certainty that a person who actively tries to improve his or her life circumstances will always fare better than a person who expects someone else to do it for them.

barriers. There are no visible clocks, no windows to look out, and night is all the same. Keep the patrons active at the tables, and the slots; no worries. Escape to excitement. Players must exchange their money for plastic chips, psychologically chips become a "thing," something that is of less value than money, easier to part with!

Liquor flows like water, often lavished upon the players at no cost. It helps to break down the personal money value barrier, thus the person takes the risk, or makes the bet.

Each casino is a self-contained city. It provides for every need, or desire so that patrons will need not have to leave the building, thus, doc-

tors, nurses, policemen, rooms, shops, saunas, restaurants, swimming pools, etc., are provided.

The finest of everything is located in each casino: gourmet foods, for example, at a very modest cost; gambling, not amenities, brings in the big money. All is provided, so as to eliminate competition. Players never need go elsewhere.

It is established that casinos will win 76 percent of the time. Winners are seldom satisfied, they try again and lose. The casinos will win about 92 percent of the time.

The policy of each casino is isolation. Keep the patrons, and their money, inside the casino. Do what is needed to accomplish this.

The huge winnings are channeled into the big out-of-state banks. An unwholesome atmosphere, pimps, prostitutes, a criminal element, seem to gravitate to this industry.

An open wholesome atmosphere generally surrounds our tourist industry. It is made up primarily of families that visit the attractions, beaches, relax in the sun, swim, fish, golf, etc.

One tourist establishment may well depend upon another that's in the area. The money is generally kept within the state. Limited casinos is not a good idea for the State of Florida.

## In Loving Memory

of Carl L. Sherman (Skeet)  
January 15, 1924 - October 26, 1993

God looked around His garden  
and found an empty place.  
He then looked down upon the earth  
and saw your tired face.  
He put His arms around you  
And lifted you up to rest.  
God's garden must be beautiful.  
He always takes the best.  
He knew that you would never  
Get well on earth again.  
He saw the road was getting rough  
And the hills were hard to climb.  
So He closed your weary eyelids.  
And whispered "Peace be thine."  
It broke our hearts to lose you.  
But you didn't go alone.  
For part of us went with you  
The day God called you home.

## Grassy Waters Festival to be held Nov. 5

The Grassy Waters Festival and Car Show will be held at the Pahokee Marina on Saturday, Nov. 5, from 10 a.m. until 5 p.m. Throughout the entire day there will be free games, sporting events, free classic car show, ultralight airplane demonstrations and free entertainment.

Activities planned for the kids include fishing hole game, hay dig & spoon race, hula hoop contest, bubble gum blowing contest,

watermelon seed contest, three-legged race, and sack race. An old-fashioned bed race planned to begin at 10 a.m., and the handmade outrigger boat race, at 3 p.m., will be highlights for the festival.

Dozens of classic cars will be on display for a nostalgic appreciation of America's rich tradition of automobile lore. Ultralight airplanes will fly in for the day and repeat their popular air

show/light demonstration at the noon ceremonies. Sailboat races and cruise rides on the lake (weather permitting) are also planned.

Music and entertainment will be going on all day, and food will be available. There will also be lots of gift-buying opportunities.

Anyone needing more information can call Alice or Dot at the Pahokee Chamber of Commerce, 924-5579.

## Sorority members attending numerous socials

Xi Alpha Mu of Pahokee is starting the winter social year off with many plans. The first social of the year was held as a progressive party. The "Back to School" social was held Sept. 24 with cocktails and appetizers at the home of Georgia Moon.

After finishing happy hour, the group of 20 guests went to the home of Clark Wilkinson for the auctioning of a "box lunch", brought by the guests which were paid with pennies during the bidding of the box lunches. All of the members

and their mates dressed in "school days" fashions to add to the festive reminiscence of "school days".

The October social was held at the ranch of Lewis and Gethie Friend in Yeehaw Junction Saturday, Oct. 15. The dinner was a celebration of fall with delicious wild smoked turkey and pork with all the trimmings.

Mr. Friend took several groups of the members and guests "safari-style" in his Jeep Wagoneer through his hunting grounds on the beautiful sprawling ranch to see the deer and wild turkeys.

The Red Cross will host their Third Annual Saks Fifth Avenue Fashion Show and luncheon Nov. 5. Dolly Hand and Jeanette Dexter, along with Norina Coursey, general manager of Saks Fifth Avenue Palm Beach, attended a planning committee meeting for the affair recently.

## Red Cross Fashion Show to benefit relief funds

The Third Annual Saks Fifth Avenue/Palm Beach Fashion Show and Luncheon will be held Saturday, Nov. 5, at the Elks Club in Belle Glade. The event will begin at 11 a.m. with a Silent Auction and Social Hour, to be followed by a gourmet lunch at noon, and the fashion show at 1 p.m.

The fashion show will feature apparel and accessories exclusively from Saks Fifth Avenue/Palm Beach, modeled by Local Glades residents. This year's fashion show theme is "Winter Wonderland". Last year there was a record attendance of 270 guests, this year Saks and the American Red Cross anticipate 285 attendees.

Every year there is a waiting list to become a model for the fashion show.

This year there were over 35 hopeful models of which 18 were chosen, four of whom are male models. In addition to the silent auction, there will be several

exciting drawings and special gifts.

Tickets are \$35 per guest. The chairman of the event is Jeanette Dexter. Mrs. Dexter has been a Belle Glade resident for 29 years.

The Belle Glade community is so appreciative of all the services and programs the Red Cross provides, but we were never more thankful to have their help than during the recent mercury spill," said Mrs. Dexter.

Proceeds from the event will highlight the Belle Glade Mercury Spill.

For tickets and more information, please call 992-9703.

**BEWARE OF MISEADING ADVERTISING ON "LIMITED CASINOS" ISSUE**  
Casino gambling is currently illegal in Florida, and will remain so unless the state constitution is changed by the voters. "Limited Casinos" is a proposal to do just that. It is promoted by very misleading advertising that suggests that "the best way to control casinos in Florida is to limit their number." The "limited Casinos" proposal would change the constitution to "limit" their number. Since casinos are presently illegal in Florida, the effect of such a proposal would be to open the door to bring in a "limited" number of casinos. In fact, it would authorize the establishment of forty-seven (47) casinos in nine different counties, without local voter authorization. The "limited casinos" proposal is heavily supported by big gambling interests, including many from out of state, who could not care less for the impact on our state. Don't be misled by their advertising.

**THE BEST WAY TO KEEP CASINOS OUT OF FLORIDA IS TO VOTE "NO" TO THE "LIMITED CASINO" PROPOSAL.**

A PTO organizational meeting was held in the school's media center Oct. 12. Elected officers were: president, Abel Flores; vice president, Lucille Hally; secretary, Dora Lopez; treasurer, Debra Bostic; parliamentarian, Chankita Cromer; and, reporter, Ronnie Williams.

Parents make the difference! Rosenwald bidded farewell to Teachers on Assignment that have been an overwhelming asset to our family for the last two months.

Three of Rosenwald's finest have been featured in the Palm

while munching and slurping on milkshakes, nachos, hamburgers, chili and desserts from the goody bar. The Haunted House drew a big crowd of youngsters eager to be "spooked out of their wits" by the scary but harmless gags of the sixth grade students and parents.

Congratulations go to the "Fabulous Four," Jack Garrett, Jim Garrett, Twila York and Paula Clark, who were the winners of the 1994 Ford Mustang drawing held by the Boosters Club. Winners of other prizes were Stephanie Lee and Laura Lewis who won Dooney & Bourke purses; Leigh Woodham who won a Log Cabin quilt; and, Dennis McCarthy who won a Savage MOD 110 bolt action rifle.

Activated Director Cathy Lee reports the auction to be a huge success, with lots of competitive bidding going for many items. The total figures aren't in yet, but the estimates are the proceeds from the auction may top \$30,000.

GD's thanks all faculty, students and parents for helping to make this year's carnival the biggest and best ever. It took a lot of hard work and cooperation from everyone to make it a success. Thank You!!!

Beach Post's Student and Teacher of the Week column. They include Kourtavious Ball, fifth grader, Annie Russell, media specialist, and Barbara Hussman, assistant principal. Way to go.

Parents are encouraged to Get Hooked on HIPPIY. Registration for the Home Instruction Program for Pre-Schoolers began Oct. 3. For more information about the HIPPIY program, contact Lorrie Moore at Rosenwald, 996-4370.

Judith McInnes (the HIPPIY coordinator for Rosenwald) has been moved to the county office and Ms. Moore has replaced her.

Congratulations and good luck to Mrs. McInnes. You did a beautiful job for us in implementing the program last year.

Safety patrols will have their installation ceremony on Nov. 2 at 10:30 a.m. with the new South Bay Chief of Police performing the installations.

Area children and guests enjoyed the costume contest held at the Glades Day School Fall Festival. The festival featured a costume parade, and various winners received awards for their original costumes.

## Raider Log

Alexa Lutz  
From checkers, to modeling, to leadership, the Glades Central campus was busy with the first

club meetings of the year on Oct. 18. There were a variety of new clubs being offered as well as a continuation of the old. A new leadership club, Leaders of Tomorrow, under the sponsorship of Dionne Burgess, had already organized a Halloween Room Decorating Contest as well as a Costume Competition.

The Modeling Club with Melanie Bolden had a standing room only because of the large number of students enrolled.

There was something for everybody as the Raiders kicked

off their club activities for the year.

Since there is no school on Friday, a Homecoming Powder Puff Football Game will be held on the field on Thursday at 7 p.m. Senior girls will play against the GCOH faculty, and the football players and other spirited male students will show off their cheerleading skills.

The Homecoming Parade will begin promptly at 3 p.m. Friday afternoon. Entries should begin lining up by 1:30 p.m.

### Lairsey

Cressa B. Lairsey, 81, of Canal Point, died Sunday, Oct. 23, 1994.

### Hospital volunteer came to Pahokee by boat

A woman who enjoys giving her time and volunteering at Everglades Regional Medical Center, Rebecca Cochran Kepp is a lady who is destined to make a difference. Mrs. Kepp's life story is as interesting as she is. She was born at Shady Grove in 1905 to Mary and John Cochran, and her family moved when she was 6 years old to Homestead. In 1916, the her mother and father relocated the family of seven brothers and sisters to Pahokee by boat.

Adjusting well to the move, the Cochrans enjoyed the people and the opportunity to farm rich mud lands. Mrs. Kepp said she easily remembers the days when a mail boat came to dock in Pahokee every day at 5 p.m. She said it was a big event for the people. Mrs. Kepp said she also remembers walking along a narrow trail to attend school. She left Pahokee and went back to Homestead to complete her senior year in high school. While in Homestead she met and married her first husband and together the couple had two children, Jasper and Betty. However, when her son was 6 years old, Mrs. Kepp's hus-

band was injured in a car accident which later claimed his life.

Following her husband's death, Mrs. Kepp moved back to the Glades area with her children so that she would be close to her parents. Tragedy struck her once again. Her daughter was killed in an accident.

In Pahokee, Mrs. Kepp met Donald Kepp. The couple were married in 1939, a day and time when war was inevitable.

After the bombing of Pearl Harbor, Mr. Kepp received notification of drafting. However, Mr.

Kepp's boss was able to have him deferred from active duty, saying he could not keep the business going without him.

After a year, Mr. Kepp was again called for active duty and he reported for duty saying it was his duty to serve his country.

Eager to be with her husband and always being a caring woman, Mrs. Kepp felt her loyalty to help protect her country. Her husband was gone to war and she decided to join the Women's Army Corps. Mr. Kepp begged his wife not to join the Corps but she decided to anyway. She said she was determined to help her country in the war.

Mrs. Kepp was recognized as the Outstanding Marcher in the unit. She recalls a time crashing next to her barracks where she was housed with 75 other WACS. She said she cried herself to sleep many nights. She credits her perseverance to her faith in God.

After the war, Mr. and Mrs. Kepp moved to Canal Point where they have lived for over 50 years. For the past 30 years she has worked at ERMIC Hospital Auxiliary and has volunteered over 5,000 hours of service. She has worked every Wednesday since 1965, except when she was absent because of a yearly vacation.

Mrs. Kepp is a member of the Pahokee Women's Club, and she is active in the Canal Point United Methodist Church. She has taught Sunday School and has worked with the United Methodist Women, holding many offices. She has served as Church Hostess and Worship Chairperson for many years.

She is survived by her husband, Millard L. Lairsey of Okeechobee; sister, Ida Lou Lairsey of Canal Point; son and daughter-in-law, Charles and Frances Lairsey of West Palm Beach; grandchildren: Karen McCants of Tallahassee; Amy Poole and Clay Lairsey, both of West Palm Beach; and, great-grandchildren: Ashley McCants of Tallahassee and Jeffrey Lairsey of West Palm Beach.

Arrangements were under the direction of The James A. Bennett Funeral Home.

## Raiders lose to Clewiston; now focusing on Olympic Heights

By Alexa Lutz

Determined not to dwell on defeat, the Glades Central Raiders are gearing up for the Homecoming game to be held Friday night against Olympic Heights.

Both teams will be out to show that the season isn't over yet! Olympic Heights is recovering from a startling 20-16 loss against Boca Raton last week. As a result

of the loss, the Lions dropped to the No. 2 slot in the District 13-5A standing.

Glades Central, having been defeated by Clewiston 24-8 last week, still has the best record in the District 13-4A standings but doesn't want to register any more losses.

Although the game against Olympic Heights doesn't affect the playoffs for either team, the Raiders have a score to settle. Olympic Heights was the only team to defeat the Raiders last season.

The game can be a pivotal game for us if we go out and execute the

way we are capable of executing," said Head Coach Milton Watson. "A win will do a lot for morale! This isn't a district game but we're going for a win."

Last week's game with Clewiston was a wake-up call to the Raiders. Having won the first half of the season easily, they were bound to find themselves behind soon after the opening kick-off was fumbled by the Raiders which resulted in a Clewiston touchdown.

Failing on an extra point, the Tigers were ahead 6-0 at the end of the first quarter.

The Raiders soon rallied back and with a 5-yard run by senior

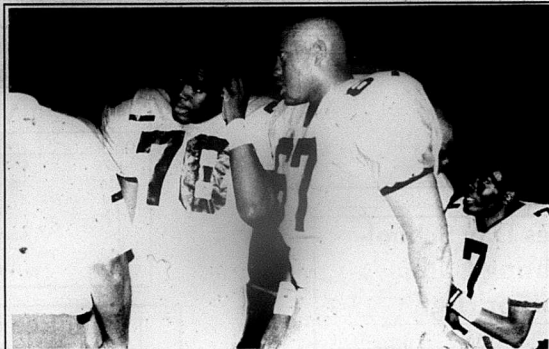

running back Marcus Bowie and a 2-point conversion by Andre Tommie. This left the Raiders with a narrow lead at halftime.

Clewiston got the lead back early in the third quarter on a long drive which resulted in a Clewiston touchdown and a 12-8 lead.

The fourth quarter proved to be no better for the Raiders. With 4:12 remain in the ball game, the Tigers connected with their wide receiver Anthony Midget to give them an 18-8 lead. The game ended with another Clewiston touchdown during the final 2 minutes. The Tigers defeated the once undefeated Raiders 24-8.

According to Glades Central senior linebacker Robert Newkirk, "We've got to refocus and set a new tone for this week. The Clewiston game is over so now we have to forget it and go on to our winning frame of mind. It was a big game but we've got the rest of the season to get back on the winning track until we win state." He added, "We can't let this one loss get us down."

Since it's both homecoming and pay-back time, the Raiders are priming themselves to get back on the winning track. The game, which begins at 7:30 p.m., is one the Raiders have been up for all year.

The Raiders traveled to Clewiston last week to face the Tigers and came home with their first defeat. The Tigers gained control of the ball game early and the Raiders were never able to gain control of the situation.

## Continuing winning streak, J.V. Gators defeat LaBelle

The Varsity Gators didn't see action last week but the Baby Gators did and the "win" word still remains in their vocabulary. The Gators defeated rival LaBelle 14-6.

Lee Sweet scored two touchdowns for the Gators, and rushed for 184 yards.

John Courson rushed 11 times for 88 yards, and Heath Norman rushed five times for 45 yards.

Norman also passed four-for-four for 100 yards.

Justin Hamilton caught two

passes for 68 yards, while Sweet and Jahmar Marriott each caught one pass for 14 yards. Pablo Sanchez made five tackles and five assists for the Gators. Norman contributed with two tackles and five assists. Thomas Norman was equal on tackles and assists with three, and Matthew Snow made three tackles and two assists.

The Gators tallied over 100 yards in penalties, and they had numerous fumbles.

The scoring for the Gators

came in the first quarter when Sweet scored on a 31-yard run, and in the second quarter when Sweet scored on a 25-yard run. Both of the kicks by Rodriguez were good.

The offensive line made up of Jerry Arline, Todd Griffin, John Holman, Sanchez, Snow and Hamilton have dominated their opponents by pushing them around for over 2,400 yards.

The Gators will be on the road today when they travel to John Carroll.

## Blue Devils now hoping for a miracle

By Robbie Everett

To keep playoff hopes alive, Blue Devil grid-diers must win Friday night against district rival Pope John Paul (unbeaten in district play). In addition, Bishop Verot (6-2) must lose to Cardinal Newman (0-7). Nothing short of a miracle is what Pahokee needs. But, we know that miracles do happen.

Last week's game found the Blue Devils down 30-8 late in the third. Bishop Verot controlled the ball the first 11 minutes of the third with assistance from Pahokee on a roughing the kicker penalty.

Pahokee rallied to tie the game after Jabahres Everett and Company started a drive that ended in a touchdown by Lafann Williams. Wells connected with Everett for the point-after-attempt.

The other touchdowns came with passes to George Rudgeles (11 yards) and James Burroughs (22 yards) with Lafann Williams running the PAT to tie the game.

"We're probably as proud of our kids in this losing effort than any win we've had," said assistant coach Joe Marx.

The Verot Vikings pulled off the win when Pahokee's Andre Taylor was injured and fell short of the triple overtime, 2-point conversion. Taylor scored twice during overtime. Everett went 15 of 23 for 210 yards and four touchdowns.

The Blue Devil senior team members wore black T-shirts and the No. 9 was painted on the north and south sidelines last week in memory of slain athlete Edwin Merrell Harden.

Playoffs or not, the annual Glades rivalry MUCK BOWL will be the highlight of the season. The Raiders are intent on taking the trophy to a new school. The Blue Devils want to showcase it some, too.

The Hometown Hero program sponsored by a group of attorneys each season recognizes outstanding performances by Palm Beach County football players during home games. A \$200

donation is placed in the George Snow Scholarship fund in the player's name. Last week's Hometown Hero was Carl Boldin Jr. and he was joined at midfield with his parents, Brenda and Carl Boldin, and principal, Eugenia Jones, during halftime. Boldin was recognized for eight tackles, two quarterback sacks, and two fumble recoveries during the last home game.

This week's Hometown Hero Award goes to Andre Taylor.

Pahokee players sat in dismay last Friday night as they fell victims to Bishop Verot. The Blue Devils lost the game 52-0.

## Glades Day Varsity to travel to LaBelle for action

With three games left to play in the regular season, the Gators are taking one week at a time and this Friday, the Gators will travel to LaBelle where they will meet tough football action from tough gridders.

The Gators have an undefeated season and record and an undefeated district record. They are the district

champions and they are a team which makes continuous progress. Under the leadership of head coach Mandy Perez, the Gators are enthusiastic and plan to take their enthusiasm, tough defense, running and passing game into LaBelle and come home winners.

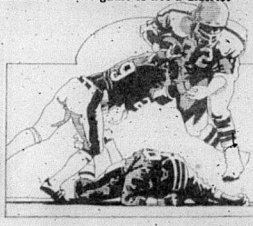

The game is not a district

game but the Gators intend to make LaBelle know they are the team to be reckoned with.

LaBelle is known for their intense play on the football field and their school spirit.

The Gators plan to take a mound of spirit and fans along.

Game time is 7:30 p.m.
